VIEWS OF PRINCIPALS FROM OTHER COLLEGES

Education and life-skills learning. The campus, sports and academic facilities all bear testimony to this belief. As we venture ahead and spread our wings in this spectacular valley of value-based education. Our endeavor is to strike a balance between state-of-the-art- infrastructure and a robust curriculum that opens the door to global platforms for our peace loving and problem-solving students. Activities and events related to value education, environment, health education, games and sports, visual and performing arts, culture and heritage, personality development are effectively woven into the main fabric of the curriculum. At Khyati Foundation, we believe that 'education' is a wholesome, holistic exercise and as such we strive to give a whole new meaning to the word. Coupling this basic premise with the idea of a sense of belonging to one family - the Khyati Foundation family, we look at ourselves as 'care-givers'. We care for the mind -ours is a sterling academic institution, we care for the person, the accent is on the all round development of personality. On behalf of Our Chairman, Director, Principal and Faculties of Khyati college of Pharmacy and on my own behalf, I wish you the best in the process of seeking to become a part of this family.

Students are informed to submit the essay report on the given theme in around 500 words and as it is online event so student need to submit the report via google form as Microsoft Word documents. Total 32 Students from various semesters of B. Pharm had actively participated in the competition and wrote about their thoughts on the theme. Students had wonderfully explained the Sanskrit phrase “Vasudhaiva Kutumbakam” which means one world one family and it has been used to emphasize the importance of treating each other with respect and kindness, regardless of race, religion, or nationality. All the submitted essays were evaluated first for plagiarism to get clear idea about uniqueness of content and own thought of student which help us to scrutinize the best original content. Out of all submitted essays; two essay submitted by Shah Jitang and Vanzara Payal of 4th semester B.Pharm selected as winners. Both of them had explained the term and importance of this theme in G20 and how this will help world to rise voice against terrorism and discrimination and for the establishment of peace in the world and live like family.

I have had an incredible experience at khyati college of pharmacy. The faculty here is not only knowledgeable but also approachable and genuinely invested in our success. They go above and beyond to ensure we grasp the subject matter and encourage us to explore beyond the curriculum. The curriculum is well-designed, providing a perfect balance of theoretical knowledge and hands-on experience. The college had an extensive support system. Whenever I faced challenges, be it personal or academic, I found guidance and encouragement from these resources. The faculty's open-door policy also made it easy to seek help whenever I needed it.

The khyati college of Pharmacy is modern, spacious, and equipped with state-of-the-art facilities, including well-stocked libraries and advanced laboratories available to students allowing us to delve deeper into our areas of interest. One of the standout features of khyati college of pharmacy is the strong emphasis on practical training. The college has several tie-ups with reputed pharmaceutical companies, offering numerous internship opportunities. One aspect that truly stood out to me was the emphasis on diversity and inclusion.

I am so delighted to share my experience with you all through "Anusandhan". I sincerely believe that for a better and enlightened future of student the college plays the most vital role. KCP is a student-centric, value based institution which has been nurturing students with skills and knowledge for a high quality all-round education. We have excellent infrastructure and pleasant ambience in the campus with all the required amenities. Budding pharmacists are equipped in terms of extra curricular activities such as Paper presentations, debates, cultural events, National & International Conferences and various industrial connect programs. We have got the best placement cell which helps students to achieve their aspiration in life. I am grateful to all the faculty members (teaching & non-teaching staff) and management for supporting me in all the possible ways. I would be forever thankful to KCP for providing me opportunities to grow and explore my skills(both curricular and non curricular). I am glad to be the part of such magnificent institution.

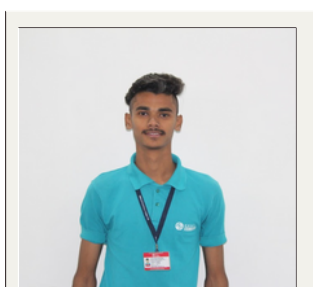

I completed my bachelor of pharmacy in khyati college of pharmacy. Quality of teaching is very good in my college. Teachers are skilled and educated. Staffs are also humble. My curriculum was fully updated and here what I study definitely makes me job ready. My college has good infrastructure and has many buses for transportation. My college has all facilities for students. Laboratories is well maintained and has all equipments. Hostel facilities is available and well maintained. KCP is known for it's culture and very passionate about the discipline and also famous for its extraordinary sports and other games. Got a life long learning experience and published my first review paper in Scopus listed journal. KCP gave me what exactly I needed to get to the next level in my career. Always thankful to KCP.
